

A vertical graphic on the left side of the page, featuring a stylized American flag. The top portion shows red and white stripes, and the bottom portion shows a blue field with white stars. The graphic is curved and partially overlaps the text area.

Universal Solutions

Leveling the Healthcare Playing Field

Information for Veterans

What is a Medical Billing Advocate?

A medical billing advocate is a dedicated liaison between you, your healthcare providers, such as doctors, dentists & hospitals, and your health insurance company. Your Advocate makes sure that ALL of your medical bills and claims are processed correctly and that you are NEVER overcharged.

What benefits from this program will I receive?

Universal Solutions is your partner in health. Our advocacy program is here to help you save money and get you results. We represent you and only you! No more closed doors, no more huge out of pocket expenses for items your insurance company should pay for. It's time to have a partner that takes your health as seriously as you do.

We will audit all of your medical bills for inaccuracies and make sure you are never charged for services you shouldn't owe.

We appeal any denied claims by your insurance carrier and ensure the carrier pays what they are responsible for.

We will facilitate refunds on your behalf for money you've overpaid.

We will stop all harassing collection calls and negotiate settlements on any outstanding medical bills you have or may incur.

We will resolve all disputed charges you may have with a doctor or hospital and hold those parties responsible by making sure your billing is done correctly and in a timely and accurate fashion.

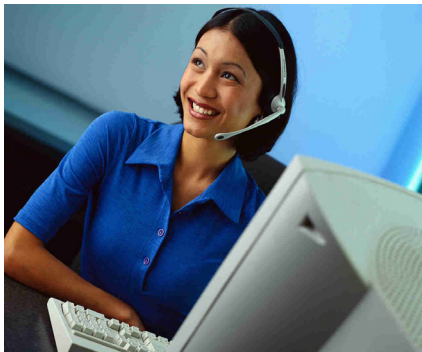

We decode insurance lingo, helping you understand your medical bills and how to get the most from your health insurance.

We effectively negotiate with doctors and hospitals to ensure Veterans get fee reductions and more affordable payment plans.

We can assist in insurance benefit design to help you make the right choices when it comes to supplemental insurance and prescription coverage

We will provide you and your family with timely answers to all of your healthcare and billing related questions through unlimited phone, internet and e-mail support.
